

11.1.2012

Dear Sir or Madam,

For Drivers and Entrants, the opening of the Championship entries is scheduled for Friday 1st February. Only chassis the Makes of which are entered in the Championship can be selected by Drivers when they send their entry applications.

As a reminder, within the framework of this Championship a single-supplier of engines has been designated by the FIA further to an invitation to tender procedure. Engines bearing the make "WKE" (as well as carburettors and ignition systems) will be supplied free of charge to all Drivers by the company Parolin. The radiator, the battery and the inlet silencer will be of a single-make and identical, supplied and sold by the engine supplier. The tyres designated by invitation to tender will be LeConts (LH08M for slicks), also supplied free to all Drivers for their qualifying practice and heats, as well as for the final phase races.

The 2012 Championship calendar will comprise three events (6-8/07 at Braga/PRT, 24-26/08 at Angerville/FRA and 1-3/11 at Bahrain/BHR), plus two practice days on Saturday & Sunday 12-13/05 (probably at Casteletto/ITA). The distribution of chassis by drawing lots to the entered Drivers will be carried out on the occasion of these two test days.

The Sporting Regulations of the Championship can be seen via the following link:
